RELEVANT EXPERIENCE

Research interests: applications of queer and feminist theory to psychology; nonbinary gender identity; influence of culture, gender, and sexuality on cognition, emotion, and perception; social cognition

University of Michigan – SPRIG Lab

Project Manager

Ann Arbor, MI
10/2020 – 9/2023

- Managed project examining gender based microaggressions against women in STEM (e.g., how they manifest and the effects they have on those who witness them)
- Created study stimuli; performed data collection and statistical analyses in SPSS
- Engage in ongoing communication with team of faculty and supervise/mentor a group of undergraduate researchers

University of Michigan – Facial Gender Ambiguity (Thesis)

Undergraduate Researcher

Ann Arbor, MI
01/2019 – 08/2020

- Conceptualized project examining how facial perceptions of gender, particularly gender nonconformity, are influenced by the individuals' beliefs about gender
- Created study stimuli; performed data collection and statistical analyses in SPSS
- Engage in ongoing communication with team of faculty and graduate student advisors

University of Michigan – Conceptual Development Lab

Research Assistant

Ann Arbor, MI
08/2017 – 08/2020

- Examined if/how participant's gender essentialist beliefs are affected by contact with a gender nonconforming person
- Examined how children conceptualize gender and how strongly they adhere to gender essentialist beliefs
- Assisted in statistical analysis, data coding, and the creation of coding schemes
- Recruited parent's/children from the community and facilitated participant interactions

University of Michigan School of Social Work Office of Continuing Education

Program Assistant

Ann Arbor, MI
05/2019 – 04/2020

- Collect and format outcome data for course instructors
- Helped administer a mixed methods research course for established social workers
- Maintained open communication with various staff and faculty utilizing our services

University of Michigan – Ebright Lab

Research Assistant

Ann Arbor, MI
01/2017 – 08/2017

- Examined how perceptions of parenting behaviours are mediated by perceptions of gender and class
- Assisted in statistical analysis, data coding, and literature review
- Facilitated participant interaction
