Paid Research Assistant Positions in Behavioural Study
Dear Psychology Students,
We are looking for students to work as research confederates in a study on abusive supervision that is being conducted by Professor Matthias Spitzmuller and Undergraduate Honors Student Zoe Chan. In this study, we will be using experimental methodology to examine third-party reactions to abusive supervision. Research assistants who are involved with this study will have the opportunity to learn about research methods and scientific study in behavioural research. As research assistants will be an integral part of the group experimental sessions, we are looking for students who are comfortable working in groups and are willing to take on the role of an abusive supervisor and/or victim for the study.
Research assistants will be expected to commit 10-12 hours a week for the remainder of the Fall semester until the end of February. All research assistants will be paid $18/hour for their work. If you are interested in this position, please email your cover letter, unofficial transcript, and resume to [matthias.spitzmuller@queensu.ca](mailto:matthias.spitzmuller@queensu.ca). Applications will be accepted on a rolling basis until all positions are filled.
