**3RD YEARS**

Research Assistant opportunity in the Cognition in Psychological Disorders (CPD) Lab, run by Dr. Christopher Bowie, is looking to bring on a third year Psychology student to assist with a study investigating decision-making in Major Depressive Disorder. This volunteer position involves an 8-10 hour per week commitment beginning January 2018 and lasting for 1 year, with opportunity to continue after January 2019. Tasks will include recruitment calling, data entry, and running participants. RAs will complete neurocognitive testing with research participants as well as use EEG equipment with participants who will complete computer tasks. This is a unique and rewarding opportunity, providing students the opportunity to work with clinical populations and gain experience with EEG equipment and neurocognitive assessment. Students with research laboratory experience and strong communication abilities are encouraged to apply. Preference will be given to students who remain in Kingston during the summer. Applications are due to Melissa Milanovic (8mm89@queensu.ca) by Monday January 15, 2018.

New Course Offerings from Gender Studies for the Winter Term:

GNDS 125/3.0 Gender, Race and Popular Culture is Tues. 10:30-11:20am and Thurs. 9:30-10:30am plus 1 hour tutorials on Thursdays or Fridays. This course explores popular culture from feminist and anti-racist perspectives, with attention to sexuality, gender, race, and nation in a variety of media. Topics include: fanvidding, Wonder Woman, 50 Shades, contemporary politics, activism, social media, surveillance culture, Queen’s cultures, alternative and mainstream comics, and much more. Gives students a strong critical tool set - drawing on the arts, humanities, and social sciences - with which to become cultural analysts. No prerequisite required.

GNDS 215/3.0 Introduction to Sexual and Gender Diversity is Tues. 8:30-10:30am with 1 hour tutorials either Mon. at 1:30pm or 4:30pm. This course is an introduction to critical studies in sexuality and gender diversity and is designed to familiarize students with a myriad of theories and topics in the field. Students will learn about classical and contemporary theories of sex, gender, and sexuality and explore the spectrum of gender and sexual identities, including lesbian, gay, bisexual, queer, asexual, transgender and transsexual, and intersex. Students will furthermore examine how these diverse identities intersect with experiences of race, class, age, (dis)ability, and nationhood. No prerequisite required. Level 2 standing or above.

McMaster University will be hosting our eighth annual NeuroXChange Conference on April 27th, 2018 and we would like to invite you to join us. NeuroXChange is a unique neuroscience and mental health conference open to undergraduate students across Ontario. This conference is designed to bring together future neuroscientists to network, learn, and present their research to fellow peers. Students are encouraged to present their research or to register as attendees. Registration will open sometime early in the new year. Students presenting their research will have the opportunity to win cash prizes as well as a chance to be published in the McMaster Undergraduate Health Sciences Journal, the Meducator. The conference will include a panel of graduate students, professors, and mental health professionals who will provide insight into their careers in research. This year, we have the pleasure of welcoming two keynote speakers. We will have more details on whom will be speaking as time goes on and more details are set in stone.

What is Connecting Minds?
The exclusively undergraduate research conference in Psychology, hosted by Kwantlen Polytechnic University. Connecting Minds (CM) is the furthest reaching undergraduate conference of its kind, drawing student researchers from across Canada, the United States and even Europe. Since its inauguration in 2008, CM has hosted more than 300 high caliber research presentations representing over 30 institutions. With events aimed towards the interests of undergraduate students, CM presents graduate panels, grant application panels, and social opportunities. CM has also featured several world-renowned keynote speakers such as Drs. Elizabeth Loftus and Albert Bandura, both recognized among the top 100 most eminent psychologists of the 20th century.

Who? Dr. Adele Diamond  
Adele Diamond, PhD, FRSC is the Canada Research Chair Professor of Developmental Cognitive Neuroscience at University of British Columbia (UBC), Vancouver, BC, Canada. Her discoveries have impacted education worldwide and improved treatment throughout the world for two medical disorders (PKU and ADHD). She’s been named one of the “2000 Outstanding Women of the 20th Century” and been recognized as one of the 15 most influential neuroscientists in the world today. Her specialty is “executive functions” (EFs), which depend on the brain’s prefrontal cortex. EFs enable us to resist temptations or automatic impulsive reactions, stay focused, mentally play with ideas, reason, problem solve, flexibly adjust to changed demands or priorities, and see things from new and different perspectives.

Dr. Diamond’s keynote address for Connecting Minds is 2018 is entitled, “Insights from Psychology and Neuroscience to help you Succeed in University and on the Job Market”.

Where & When? May 18 - 19, 2018  
Kwantlen Polytechnic University – Richmond  
8771 Lansdowne Road – Rotunda, 1st Floor Richmond, British Columbia, Canada  
We will be offering limited travel subsidies for non-local student presenters in need of monetary support.
