The Women in Science at Queen’s (WiSQ) group invites you to join us to discuss:

Planning Parental Leave at Queen’s

Brooke Ring is a mom of two and has been a scientist at Queen’s for 8 years. She has mentored over 50 students who have often asked for her advice on this subject. She will be sharing her experience and knowledge in how to transition into this next chapter of life!

Come and join us for an informative and interactive meeting! Brooke will lead an open discussion regarding planning and transitioning into parental leave. She will also provide a short presentation on what you need to know about Queen’s policies regarding Parental Leave. We encourage all our members to attend and share their stories so that we may learn from each other’s experiences!

Our main talking points:

1) When is the best time to have kids? A joyful time in our lives with mixing emotions regarding to our careers
2) ”I am pregnant, now what?” What are the next steps?
3) Parental leave policies at Queen’s
4) Collaboration and conversation at home: sharing responsibilities

January 30, 2020 at 11:30 am – 1 pm
Room dependent on attendance – stay tuned!
Lunch will be available during the discussion
To reserve your spot, e-mail us at wisq@queensu.ca
Space is limited!

Let’s talk about Science in our lives!
