Vector Scholarship in Artificial Intelligence: Nomination Period Now Open

The Vector Scholarship in Artificial Intelligence recognizes top AI talent from around the globe who are entering into a full-time AI-related master’s program in Ontario. This merit based entrance award is valued at $17,500 for one full year of study. Students must be entering a Vector recognized master’s program or pursuing an AI-related study plan in a core-technical (i.e. STEM) or complementary field of study, such as health, business or law. We will be issuing up to 115 scholarships this year.

The 2020 nomination period is now open with relevant forms posted on our website https://vectorinstitute.ai/aimasters/. The forms include the referee template for applicants as well as the program submission form which will capture the ranked candidates that graduate programs are nominating. We are encouraging graduate programs who may be nominating candidates to communicate scholarship details to relevant applicants and to set an internal program deadline that allows them to collate applicant materials, review and rank nominees, and complete the submission form to Vector no later than April 3, 2020 at 4pm. We will communicate the outcome of the scholarship adjudication process by the end of April 2020.

If there are questions along the way, please note that we will be hosting two (identical) webinars on the scholarship (for faculty and programs, not applicants) on the following dates:

- **Thursday, February 20th at 10am. Zoom details:**
  a. Join URL: https://vectorinstitute.zoom.us/j/795201683
  b. Meeting ID: 795-201-683
- **Thursday, March 12th at 12pm. Zoom details:**
  a. Join URL: https://vectorinstitute.zoom.us/j/136924703
  b. Meeting ID: 136-924-703

Alternatively, please don’t hesitate to e-mail me if you have questions.

Kind Regards,

Melissa
