

Job well done!

We thought our members would be interested in the Provost's congratulatory message to Queen's retirees on their generous support of the United Way, so we are sharing it with you here.

Hi Diane,

I am incredibly proud of the fundraising efforts demonstrated by the Retirees Association of Queen's. The amount raised during the 2020 KFLA United Way campaign is a testament to your leadership and the willingness of the association to help make our community better.

In a time when many have been deeply impacted by COVID-19, it would have been easy to stand back or simply focus on your own household. Instead, RAQ members stepped in to help. It has been impressive to witness this level of kindness and commitment to the greater good.

Queen's has worked hard to strengthen the bond it has with the Kingston community and this is a stellar example of those efforts.

Please pass on my congratulations to the RAQ members for their fundraising accomplishments as well as for the Ruby Leadership, Keystone Achievement and Most Improved in the Education Sector awards. Each of you have made the university proud.

Sincerely,

Mark

Mark F. Green, PhD, PEng | Provost and Vice-Principal (Academic)
