

# Survey Results

What do you call the drinks in this picture?

We had 149 participants in our survey this week! The results reveal that most of you prefer the term “pop”, although “soft drink” and “soda” are strong contenders. Interestingly, your province/country of origin did not appear to have much of an impact on the results. Although Canadians are often said to enjoy “pop” while Americans enjoy “soda”, there is variation by region in both countries, as the following maps illustrate.

Thank you to all who participated! 😊

Results from posters in two locations: Outside Strathy Language Unit office (Macintosh-Corry F406) and the 3<sup>rd</sup> floor of Kingston Hall. New surveys and results from previous surveys will be posted every 2 weeks.
